Program Description

First Illinois HFMA is proud to present its second Compliance Program. This Full Day program was developed for Senior Financial Executives, Chief Compliance Officers, Chief Internal Audit Officers and members of Hospital Audit Committees responsible for Compliance within their health organization. Our program offers a practical source of information to educate yourself and your organization. Our expert speakers will provide the latest developments on complex healthcare compliance issues

The program begins with recognizing how to calibrate your response to a government inquiry. We continue the morning with discussion on the state of federal compliance today, health reforms impact on employee benefit plans, and compliance considerations when establishing health information exchanges. After lunch, our afternoon will spotlight social media and its associated risks, fundamentals and practicalities of identifying and returning overpayments, compliance considerations for research/clinical trials, compliance from a fraud enforcer’s perspective and the illicit value of PHI. Finally, join us after the program for a Cocktail Hour to network with your peers.

We would like to thank our sponsors. They are:

Katten Muchin Rosenman LLP	Facility Sponsor
Ropes & Gray LLP	Luncheon Sponsor
Navigant Consulting	Exhibit Sponsor
